

CERTIFICATE OF CONFORMANCE

Food Approval Statement

AKRYLON XT sheets and AKRYLON EG, MG granulates

AKRYLON XT sheets and AKRYLON G granulates clear and colored can be used for food contact applications.

EUROPEAN UNION:

AKRYLON XT (extruded polymethylmethacrylate sheets) and AKRYLON G (granulate) which are produced from monomers and other raw materials, meeting the compositional requirements of the EU-directives 2002/72/EC without specific limits.

AKRYLON XT sheets and AKRYLON G comply with the compositional requirements of EU Directive 2002/72/EC relating to plastics materials and articles which come into contact with foodstuffs.

AKRYLON XT sheets and AKRYLON G granulates comply with EU Directive 1935/2004.

Migration tests have proved that the required specific migration limits of the used monomers comply with the amendment EU 2005/79/EC.

FOR NOTICE:

The Above-mentioned declaration does not relate to finished articles.

A suitable processing of the product is mandatory. The manufacturer or user has to verify whether the product is suitable for its final application, e.g. whether the final product might affect the taste or smell of food or whether the limitations (e.g. global migration, specific limits and other analytic requirements,) are observed.
