

CERTIFICATE of CONFORMANCE

FOOD APPROVAL STATEMENT

QUINN HIPS clear / white

QUINN HIPS (extruded high impact Polystyrene) sheet can be used in contact with food (non- UV version).

Therefore, in applications where covers for food or fittings for shops etc. are needed, HIPS sheet can offer a good solution.

They comply with the requirements of

- a. **USA:** FDA: The US Food and Drug Administration regulation 21.CFR 177.1640 and
- b. **Germany:** Recommendation V of the BfR (institute for risk assessment) and
- c. **Europe:** Directive 89/109/EEC On the use of colorants in plastic materials coming into contact with food.
- d. **Europe:** The monomers used in the manufacture of PS-I are all in List of Authorized Monomers and other starting substances of the European Union Directive 2002/72/EEC.

This confirmation is also valid for QUINN HIPS white J511:

WHITE (code J 511)

The above information does not relate to finished articles made from QUINN HIPS coloured sheets. The responsibility of the manufacturer of the final article is to ensure meeting the required migrational requirements.
